TESTIMONIALS

PharmaTech Expo a continuous market and this brand is built over the year effort, I wish to continue the same way & passion. Here I got regional coverage and maximum from Gujarat, Ahmedabad around the parts which experienced a very good response.

- **MR. ARUN PAHWA**, *Chamunda Pharma Machinery Pvt. Ltd.*

We participate every year in PharmaTech Expo, This time also we had a great experience at Ahmedabad. It was a great show and a best place to meet new customers and catch up with existing contacts. We look forward towards next year.

- **MR. BHAVIN PAREKH**, *Kitten Enterprise Pvt. Ltd.*

Pharmatech Expo is the best Pharmaceutical formulation and machinery expo for Gujarat with highest quality footfalls. The heart of the exhibition is first time introduction of Buyer Seller meet with African buyers. We first time participated as an Event partner and had a great experience looking forward with good business relationship for future.

- **MR. VISHAL PARMAR**, *Tactus Nutrasciences LLP*

We are participating in PharmaTech Expo regularly and we have also participated in previous event held at Indore and Chandigarh as well. Our experience has been very good. Visitors have shown interest in our products. We are into Roll Compactor Machine, Tablet Presses along with its Punches & Dies, etc.

- **MR. AMIT SHAH**, *Saimach Pharmatech Pvt. Ltd.*

We are glad in participating at PharmaTech Expo since 3 years and got good response & very good Business. We are very happy to share that Mr. Ramesh Shah on behalf of PharmaTech Expo have conducted a special meet with IACCI which experienced good. Thanks for your support.

- **MR. HITARTH RAVAL**, *Helios Concrew Pvt. Ltd.*

ABOUT EVENT :

PharmaTechnologyIndex.com Pvt. Ltd presents the 8th Edition of PharmaTech Expo 2018, to be held from 22nd to 24th August 2018 at Ahmedabad, Gujarat. Our Venture is delighted to invite you to be the part of our successful milestone in Gujarat's Largest Pharma Expo at Ahmedabad.

PharmaTech Expo 2018 & LabTech Expo 2018 is an International Exhibition on Pharma Machinery, Lab, Analytical, Pharma Formulations, Nutraceutical & Packaging Equipments. This will give opportunities to Suppliers, Manufacturers, Industrialists, Entrepreneurs, Buyers and Consultants to assemble at this common platform. This year the focus will be on the Pharmaceutical Formulations, Nutraceuticals, API's, Cosmetic and Ayurveda sector. Drug Marketing & Manufacturer's Association (DMMA) is our Event Partner. DMMA is having more than 125 active members in their association.

There is a strong local and global opportunity for Gujarat in the manufacturing of pharmaceutical machinery, given its strong and well-established engineering sector. According to industry estimate approximately 35-40 percent of India's pharmaceutical machinery is produced in Gujarat. The strong growth prospects of the pharmaceutical exports segment and growing demand from the domestic market, will further fuel growth in the pharmaceutical machinery sector.

PharmaTech Expo 2017 & LabTech Expo 2017 put up a Largest Pharma & Lab expo in Gujarat & 2nd Largest Pharma machinery Expo in India. The exhibition was planned in the space of 7500 square meters. About 200 exhibitors from different states of the country participated in the event and about 7000 visitors visited the event. Various kinds of high tech Pharma Machinery, Lab and Packaging Equipment, Formulation, Nutraceutical products were on display.

Successful deliverance of the past events of "PharmaTech Expo 2011, 2013 & 2015 (Indore), PharmaTech Expo 2016 (Ahmedabad) & PharmaTech Expo 2017 (Chandigarh & Ahmedabad)" with patronage of our repeated and new exhibitors and visitors have encouraged us for sequential events which has gained immense interest from pharmaceutical companies and manufacturers.

WHY AHMEDABAD ?

Gujarat is one of the industrialised state in the country. Currently approximately 3,500 Pharmaceuticals manufacturing units in the state. The state have several established companies such as Sun Pharma, Zydus Cadila, Torrent Pharma, Cadila Health Care, Alembic, Claris, Intas Pharmaceuticals, Dishman Pharmaceuticals, Troika which have operations in the world's major Pharma markets.

Over the last few years, Gujarat's contribution in the growth of India's Pharmaceutical industry has been significant. The state commands 42 percent share of India's pharmaceutical turnover and 22 percent share of exports. Approximately 52,000 people are employed in Gujarat's pharmaceutical sector, which has witnessed 54 percent CAGR in capital investments over the last three years.

There is a strong local and global opportunity for Gujarat in the manufacturing of pharmaceutical machinery, given its strong and well established engineering sector. According to industry estimates.

Approximately 35-40 percent of India's pharmaceutical machinery is produced in Gujarat. The strong growth prospects of the pharmaceutical exports segment and growing demand from the domestic market, will further fuel growth in the pharmaceutical machinery sector. However, Gujarat's engineering sector is highly fragmented, especially the pharma machinery manufacturing segment. The pharma machinery manufacturing industry in Gujarat needs to consolidate and synergise the skills and complementarities available in the broader engineering sector to be able to create world-class players with the scale and resources required, to tap the global as well as local demand.
